IN NEW QUARTERS.

B. F. Nelson's Grocery Store Has Handsome Rooms.

The grocery and general merchandise store of B. F. Nelson on Buckeye avenue has been removed to 309, Mr. Nelson's recent purchase. The room has been handsomely refitted and is one of the best locations in the city.

Mr. Nelson will be glad to greet his friends in his new quarters and will show them the handsomest stock of general merchandise in the city. He offers big bargains in everything from soap to sugar and from pins to alpaca. During the long period in which he has been engaged in mercantile life here he has never deceived his patrons and when he says "big" bargains he means it. The new store calls for new goods and to make room the others must be sold, so call at 309 North Buckeye and take advantage of the attractions offered. Produce of all kinds wanted.
